- + Assess the RCM department's overall functionality including the skill sets of the team members
- + Assist in interviewing Director and manager of RCM
- + Make recommendations on policy changes/adds
- + Assist in updating RCM procedures and processes
- + Update/ Implement workflow process
- + Increase the overall RCM performance
- + Draft SOP's
- Deliver industry standard KPI's

Execution

- + SCALE was engaged to assess and make recommendations on ways to improve the overall performance of our Client's RCM team, and evaluate Allscripts performance in lifting or elevating the Client's overall financial situation
- We tracked the following weekly key metrics in our financial analysis:
 - + Denials management
 - + Coding
 - + Eligibility
 - + Payment posting performed by Allscripts
- Results

SCALE developed the following KPI's, setting and meeting industry standard goals for our Client:

- + Coders 98% accuracy
- Denials Management: No more than 15% AR in >90 day bucket
- AR follow-up specialists: resolving payable claims within 35-45 days
- + Medical records turnaround within 30 days

- Developed SOP's
- + Streamlined the AR work queues for optimized return
- + Decreased claim lag time to 6 days
- Decrease AR >90 day buckets to less than 20% overall outstanding debt

+ SCALE utilized a practical and collaborative

support personnel to develop and expand

department, using data to drive changes

operations of the department, and their

approach with the CFO/Director and

the overall performance of the RCM

to processes and grade performance of RCM and Allscript team members

 We reviewed policies as they related to the RCM department, overall

impact on the financial deliverables

+ Front end coding accuracy at 62% vs 27% at start
